For a policy of \$5,000 in one of our nost reliable insurance companies under the old system, the undersigned has paid from the 15th of last March to the present time \$40.43, while for the same time on a policy for the same amount in the Protection Life Insurance company-on the mutual contribution plan-his assessment has been but \$1.20. It smooths the furrows caused by time or care, and gives face, neck and arms the plump and engaging appearance of youthful beauty.
